BELIEVE ➤ BEYOND ➤ BETTER

PRODUCT OVERVIEW

CDL/CDLF

Vertical Multistage Centrifugal Pump

TECHNICAL DATA

Flow rate: 0.4m³/h~240m³/h
Head: 4m-305m
Temp: -15°C~+120°C
Voltage: 220V/380V

APPLICATIONS

Water treatment systems
Industrial washing systems
Fire-fighting systems
HVAC systems
Boiler feed systems
Other industrial applications

MATERIAL: Stainless steel/Cast iron

CDLF+CDH

HP High Pressure Pump Unit

TECHNICAL DATA

Flow rate: 0.4m³/h~65m³/h
Head: 110m-718m
Temp: -15°C~+120°C
Voltage: 220V/380V

APPLICATIONS

MF/UF/NF/RO systems
High pressure washing systems
Industrial boosting systems
Other industrial applications

MATERIAL: Stainless steel/Cast iron

CDLK, CDLKF

Immersion Type Multistage Centrifugal Pump

TECHNICAL DATA

Flow rate: 0.4m³/h~65m³/h
Head: 6m 305m
Temp: -15°C~+105°C
Voltage: 220V/380V

APPLICATIONS

Machine tools cooling systems
Industrial washing systems
Chiller units
Industrial filtration systems
Other industrial applications

MATERIAL: Stainless steel/Cast iron

HYDRO

Variable Speed Controlled Booster System

TECHNICAL DATA

Flow rate: 2m³/h~500m³/h
Head: 4m-200m
Temp: 15°C~+120°C
Voltage: 380V

APPLICATIONS

Water supply for high rise buildings
High pressure washing systems
Industrial boosting systems
Other industrial applications

MATERIAL: Stainless steel/Cast iron

CHL

Horizontal Multistage Centrifugal Pump

TECHNICAL DATA

Flow rate: 0.5m³/h~32m³/h
Head: 6m-88m
Temp: -15°C~+105°C
Voltage: 220V/380V

APPLICATIONS

Water treatment systems
Industrial washing systems
Water supply systems
Other industrial applications

MATERIAL: Stainless steel/Cast iron

CHLF, CHLF(T)

Horizontal Multistage Centrifugal Pump

TECHNICAL DATA

Flow rate: 0.5m³/h~32m³/h
Head: 6m-88m
Temp: -15°C~+105°C
Voltage: 220V/380V

APPLICATIONS

Water treatment systems
Industrial washing systems
Water supply systems
Other industrial applications

MATERIAL: Stainless steel/Cast iron

CHM

Horizontal Multistage Centrifugal Pump

TECHNICAL DATA

Flow rate: 0.5m³/h~32m³/h
Head: 6m-88m
Temp: -15°C~+105°C
Voltage: 220V/380V

APPLICATIONS

Water treatment systems
Industrial washing systems
Water supply systems
Other industrial applications

MATERIAL: Stainless steel

MINI

Single Booster Pump

TECHNICAL DATA

Flow rate: 2m³/h~28m³/h
Head: 4m~54m
Temp: 15°C~+120°C
Voltage: 220V

APPLICATIONS

Independent bungalows
Row houses
Small factories

MATERIAL: Stainless steel/Cast iron

ZS

Horizontal Signle-Stage Centrifugal Pump

TECHNICAL DATA

Flow rate: 3m³/h~200m³/h
Head: 8.8m-73.7m
Temp: -10°C~+100°C
Voltage: 220V/380V

APPLICATIONS

Water treatment systems
Other pressure boosting systems

MATERIAL: Stainless steel

STP

Horizontal Signle-Stage Pump

TECHNICAL DATA

Flow rate: 0.4m³/h-4m³/h
Head: 4m-50m
Temp: +45°C
Voltage: 220V/380V

APPLICATIONS

Domestic water supply
Water treatment
Water circulation
Gardening

MATERIAL: Stainless steel

QY(B)

Stainless Steel Self-Priming Liquid Mixing Pump

TECHNICAL DATA

Flow rate: 0.4m³/h~18m³/h
Head: 10m~70m
Temp: -10°C~+105°C
Voltage: 220V/380V

APPLICATIONS

Air float treatment facilities.
Ozone water generator.
Heavy-oxygen-enriched water generator.
Biochemical aeration devices.
Other industrial applications.

MATERIAL: Stainless steel/Cast iron

SZ

Flourine Plastic Single-Stage Centrifugal Pump

TECHNICAL DATA

Flow rate: 2.2m³/h ~ 60m³/h
Head: 15m ~ 54m
Temp: -20°C ~ +120°C
Voltage: 220V/380V

APPLICATIONS

Alkali & Acid production
Metal smelting industry
Chemical systems
Paper industry
Textile dying systems
Pickling processes in electroplating
Other corrosive liquid transferring

MATERIAL: FEP, PVDF, Cast iron

NISO

End Suction Centrifugal Pump

TECHNICAL DATA

Flow rate: 3m³/h~1200m³/h
Head: 4m ~ 160m
Temp: -15°C~+110°C
Voltage: 220V/380V

APPLICATIONS

Water treatment systems
HVAC systems
District heating systems
Industrial cooling systems
Firefighting systems
Other pressure boosting systems

MATERIAL: Stainless steel/Cast iron

LD

Vertical Inline Circulation Pump

TECHNICAL DATA

Flow rate: 2m³/h~1200m³/h
Head: 6.3m~107.6m
Temp: -15°C~+110°C
Voltage: 220V/380V

APPLICATIONS

District heating systems
HVAC systems
Cooling systems
Domestic hot water systems
Industrial liquid transportation
Water supply systems

MATERIAL: Stainless steel/Cast iron

WQ

Submersible Sewage Pump

TECHNICAL DATA

Flow rate: 3m³/h~1800m³/h
Head: 2m~66m
Temp: 0°C~+40°C
Voltage: 220V/380V

APPLICATIONS

Municipal water supply plant
Storm water drainage
Sewage & wastewater pumping
Digestion sludge transferring
Cooling water transferring
Industrial water drainage
Agricultural irrigation

MATERIAL: Stainless steel/Cast iron

BT

Side Channal Blower

TECHNICAL DATA

Flow rate: 10m³/h~3000m³/h
Head: 1m~7m
Temp: +50°C
Voltage: 220V/380V

APPLICATIONS

Waste Water Treatment Systems
Vacuum Systems
Pneumatic Conveying Systems
Boosting Gases
Aeration Process

MATERIAL: Aluminium

Company Profile

Berlington Pumps (Manufacturer)

Berlington Pumps Private Limited is a trusted manufacturer specializing in high-performance centrifugal pumps designed for diverse industrial applications. With a strong focus on durability, efficiency, and precision engineering, their pumps are built to meet the demanding requirements of industries such as water treatment, chemical processing, HVAC, and manufacturing. Leveraging advanced technology and strict quality standards, Berlington delivers reliable fluid handling solutions that ensure consistent performance even in challenging environments.

FlowCore Solutions (Dealer & Service Partner)

FlowCore Solutions is an authorized Berlington Pumps dealer, providing end-to-end industrial pumping solutions across Bangalore and surrounding regions. We not only supply high-quality pumps but also offer expert consultation, system selection guidance, installation support, and dependable after-sales service. With a customer-first approach, FlowCore ensures that every client receives efficient, long-lasting, and performance-driven solutions tailored to their specific operational needs.

AUTHORISED DEALERS FOR SALES AND SERVICE

1st Floor, Cheluva Complex Magadi Main Road,
Kottingepalya Bangalore, Karnataka 560091
